

Collaborate and share. Simply and securely.

Features and benefits of Box from O₂

What is it?

Built for business, Box is a powerful yet simple online storage tool that helps businesses of all sizes keep everything they need all in one place. And with the Box app on your smartphone or tablet, you can get hold of anything, anywhere.

How it works

Box takes secure cloud storage to the next level. Choose from 100GB (Box Starter) or unlimited (Box Business) storage. And with seven levels of access, you choose how much, or how little, anyone sees.

Who's it for?

Any business that needs a secure way to share documents, inside or outside the office and with people outside the business. It works across all platforms and the beauty of Box is it grows with you. So it's perfect for small businesses and large enterprises too.

Key features and benefits

Box is a unique way to bring all your important content together in the cloud. It's simple to set up, easy to use and designed for how businesses want to work today.

What you get	Why it's good for business
Storage options from 100GB to unlimited	All the storage you need. If you're running out of space, upgrade to our unlimited option.
Admin console	Control your documents and who's using them. Admin console lets you see everything you have, who's sharing what and even change access settings from anywhere.
Enterprise level security	Makes sure your confidential information stays that way. Box has internet banking level security. All documents are password protected, have expiry dates and you can restrict download settings.
Auto updates	Updates automatically. So you'll always be using the latest version.
Edit documents in the cloud	For real-time collaboration. No more having to download the document, amend and upload a new version. And Box manages versions too. So you always know which is the latest.
Access files on the fly	Whatever smartphone or tablet you use, get fast, easy access to all your documents via the Box app.
24-7-365 access to your data	Box uses multiple data centres that are always up and running. So server downtime is a thing of the past.
Fixed monthly costs	Pick the fixed price package that's right for you. There are no extras. No hidden charges. Just one simple subscription starting from £3.50 a month (ex vat).

Collaborate and share. Simply and securely.

Easy to use

It's easy to start uploading, downloading and sharing files on Box. It works with what you already have, so it can be set up in minutes.

Helps you do more

Being able to collaborate easily helps you make decisions quickly. So you can work smarter, get more done and keep teams up-to-date.

Saves money

There's no need to invest in your servers. Box hosts your content in the cloud, so you don't have to pay for on-site storage.

Grows with you

Box is all yours with a simple monthly fee per user. It's easy to add users so, when you grow, Box grows with you.

Sit in the driver's seat

Box gives you full admin control over who can access files and folders. It also encrypts all your sensitive information, in the office or on the go.

Free up your inbox

With all your important and sizable information safe and securely uploaded to Box, there's no need to send large files by email.

Instant back up plan

With all your documents safely stored online, if anything happens to your premises, laptop or phone, everything you need will be right where you left it.

Make Box yours

Add your organisation's branding to Box. That way you get all the features and capability, and clients simply see it as an integral part of your business.

Why O₂?

We've tried and tested the best technology out there. So it's easier for you to choose what's best for your business.

- **We're with you all the way.** We'll help get you started and we're right here whenever you need help. Call us, pop into store or have a webchat.
- **We make life easier.** There's one point of contact for everything. One bill too. You can even manage your account online at My O₂ Business.
- **Bundling benefits.** Adding great value mobile data packages helps you make the most of mobile working.
- **Lots of freebies.** Like Evernote Premium free for a year if you sign up before 24 October 2014. Free O₂ Wifi in thousands of hotspots in the UK, including the Tube. And, with Priority you can advertise your business to thousands of local O₂ customers for free too. Sign up to O₂ Social Insights to find out how your business performs on social media and we'll also give you £50 worth of free Twitter advertising.
- **Don't forget the treats.** Like £1 lunch. O₂ venue concert tickets 48 hours before general release and offers for over 1,000 high street brands, all with O₂ Priority. Text Priority to 2020 to join.

System requirements

Box works with virtually all smartphones, tablets, laptops and desktops. Click [here](#) to check compatibility.
